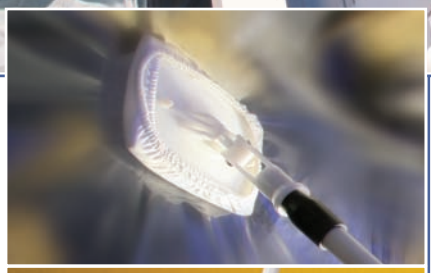
ITW Texwipe®



TexMop™ Cleanroom Mops

ITW Texwipe supplies a variety of mops and replacement covers designed specifically for cleanrooms. The product line includes:

- Large wiping mop
- Small wiping mops
- High-capacity tubular mop

100% Polyester mop covers assure low contamination levels, high absorbency, excellent abrasion resistance and chemical tolerence. Some ITW Texwipe mops can be sterilized for cleaning and disinfecting aseptic areas.

AlphaMop™ (ISO Class 4-8)

Large polyester flat mop system for the easiest and most efficient wiping of floors, walls and ceilings.

- Designed for the specific needs of ultraclean production environments
- Easily changeable covers for adherence to strict mopping protocol
- Flexible foam pad ensures that the polyester cover conforms to uneven surfaces
- ISO Class 4 cleanroom-laundered polyester replacement covers provide the cleanest substrate available
- AlphaSat® replacement covers utilize the same ultraclean polyester substrate pre-wetted with 6% IPA
- Honeycomb® 10 textured replacement covers provide the scrubbing efficiency required to lift dirt that smoother mop covers leave behind

Mops

TX7108	Cleanroom mop with fiberglass handle and 15" x 8" (38cm x 20cm) head assembly and 6 polyester mop covers	1 mop/case

Mop Covers

TX7118	Polyester replacement covers and foam pads	25 covers/bag 6 bags/case 6 pads/case
TX718H	Honeycomb® 10 textured polyester covers	25 covers/bag 6 bags/case
TX7127	AlphaSat® polyester replacement covers with 6% IPA	25 covers/bag 4 bags/case 4 pads/case
