

Engineered for Protection. Designed for Comfort.

KIMTECH PURE* G3 Sterile STERLING* Nitrile Gloves

KIMBERLY-CLARK* has developed a low-cost sterile nitrile glove combining the sensitivity of latex with the protection of nitrile. Our innovative STERLING* gloves manufacturing technology enables us to deliver a comfortable and affordable glove with all the protection and cleanliness our customers have come to expect.

When double-donned, the KIMTECH PURE* G3 Sterile STERLING* Nitrile Gloves deliver the equivalent feel & dexterity of a single latex glove without the risk of Type I latex allergic reactions. Protection has never been so comfortable.

The KIMTECH PURE* G3 Sterile STERLING* Nitrile Glove is also environmentally responsible. We have improved packaging to deliver 50% more gloves per case than traditional gloves. Average use of 25 cases per month results in reduction of 1 ton of waste per year vs. traditional latex gloves.
