

# AlphaSat® with Vectra® AlphaSorb® 10

Low-particle pre-wetted wiper for use in cleaning critical environments

## Description

AlphaSat® with Vectra® AlphaSorb® 10 incorporates ITW Texwipe's ultraclean AlphaSorb 10 sealed-border wipers with 10% semiconductor-grade isopropyl alcohol (IPA) in an easy-to-use flatpack package. Chosen for their ultralow particle-generating characteristics and low extractable levels, these wipers offer superior strength in a continuous-filament knitted substrate. This substrate is pre-wetted with a 0.2 µm filtered, isopropyl alcohol (semiconductor grade) and deionized water.

AlphaSat with Vectra AlphaSorb 10 wipers are packaged in a cleanroom environment and are protected in a sealed outer bag for contamination-free introduction into the cleanroom.

## Features

- Wipers pre-wetted with accurately diluted, measured volumes of semiconductor-grade IPA/deionized water solution
- Convenient, resealable dispenser
- Packaged in solvent-safe plastic that can be wiped down prior to introduction into the cleanroom
- Best quality polyester wipers

## Benefits

- Low particle generation and low extractable levels help prevent product and cleanroom contamination
- Superior strength guards against abrasion under rigorous use
- Eliminates problems associated with purchasing, storing, filtering and diluting alcohol
- Eliminates maintenance of squirt bottles
- Offers portion and VOC\* control with optimally wetted wipers
- Reduces alcohol consumption and eliminates over-spray of alcohol

\*Volatile organic compound

## Applications

- Cleaning production equipment and environmental surfaces for reduction of particulate contamination
- Wipedown of articles to be passed or carried into cleanrooms
- Process chamber wipedowns in semiconductor processing
- Wipedown of manufactured products prior to shipment
- Cleaning fingerprints and light soils from sensitive medical devices prior to packaging and terminal sterilization
- Level 4 or 5 cleanbuild construction protocols

## Products

TX Number	Description	Packaging
<b>TX1057</b>	9" x 9" (23 cm x 23 cm) AlphaSorb® 10 wipers pre-wetted with 10% IPA	50 wipers/flatpack 4 flatpacks/case
AlphaSat® CleanPaks® are available in custom sizes, wipers, packages and solutions
