

TECHNICAL DATA SHEET

Shown Here:
Autoclave Safe AlphaMop™

Description

Designed for easy cover changes, this large flat mop is ideal for cleaning surfaces such as ceilings, floors and walls. The padded head allows for a consistent contact with different surfaces. The covers easily fit over the head permitting a quick change. Available in standard and autoclave safe models.

Texwipe® AlphaMop™ features a large 15" x 8" (38 cm x 20 cm) thermoplastic mop head, 60" (1.5 m) fiberglass handle, pad and fastening pins.

Features & Benefits

- Quick-change system allows the user to replace covers / pads frequently, adhering to strict cleaning protocols
- The polyester pad assures the mop cover to conform to surfaces for consistent cleaning
- Texwipe's 100% polyester covers provide the cleanest substrates available for cleaning walls, floors and ceilings
- Low profile, swivel head with lightweight handles enables easier cleaning of floors, walls, ceilings and hard-to-reach areas

Applications

- Cleaning walls, ceilings and floors
- Applying and removing solutions including disinfectants
- Ideal for use with common disinfectants and cleaners, including Texwipe's TexQ
- ISO Class 3 - 7 environments
- **Industries:** Microelectronics, Semiconductor, Pharmaceuticals, Biologics, Medical Device, Compounding Pharmacy

TECHNICAL DATA SHEET

Description

Replacement covers for the AlphaMop and Autoclave Safe AlphaMop™ are available in dry and pre-wetted versions. Each package includes covers and pads for an optimal fit and are double-bagged for easy introduction into clean environments.

Polyester

Made from cleanroom-laundered, knitted-polyester and are available in a sterile option where indicated. Made from Texwipe AlphaWipe 100% polyester, these covers provide the cleanest mop cover available for floors, walls, and ceilings applications.

- 100% polyester material provides a clean mop cover ideal for cleaning floors, walls, and ceilings.
- Ideal for environments requiring low particle, extractable and ionic contamination.

Microdenier

Made from 100% polyester microdenier fabric and are available in a sterile option where indicated. This fabric provides enhanced particle lifting, streak-free cleaning, plus enhanced sorption for working with solutions. Available in sterile option where indicated.

- Enhanced absorbency and quick-wicking performance
- Increased lifting and capturing of particles as small as microbes
- Compatible with all disinfectants, including quats such as Texwipe's TexQ.
- Streak-free cleaning

Applications

- Cleaning floors, walls and ceilings in critically clean or cleanroom environments
- Applying and removing solutions including disinfectants
- ISO Class 3-7 and Class A-D environments
- Sterile recommended for Class A-B environments
- **Industries:** Microelectronics, Semiconductor, Pharmaceuticals, Biologics, Medical Device, Compounding Pharmacy

Sterile Products Available:

- » Gamma irradiated to a Sterility Assurance Level of 10^{-6} in accordance with AAMI TIR33: 2005
- » Lot code and expiration date clearly marked on each package
- » Certificates of Irradiation and Compliance attached to each case confirm irradiation dose met specifications
- » Pre-sterilization eliminates repackaging, documentation and validation of autoclaving

Buckets

Stainless Steel These seamless stainless steel buckets are designed for use in critical manufacturing. Made from 100% 304 stainless steel. Bucket physical dimensions: 21" l x 13" w x 8" h (53 cm l x 33 cm w x 20 cm h) with a 7-gallon (28 liter) capacity.

Polypropylene These polypropylene rectangular buckets are made for use with Texwipe's AlphaMop and other cleanroom flat mops in critical environments. Available in 6-gallon (22 liter) size and in three colors for easy identification. Bucket physical dimensions: 18" l x 9.5" w x 9.5" h (45 cm l x 24 cm w x 24 cm h).

Carts

For use with AlphaMop Stainless steel and plastic rectangular buckets, this cart has a protective side to keep your buckets in place and capture spills. Approved for use in the food industry. Autoclave safe. Use cart extension (TX7046E) to create a three bucket system.

Features & Benefits

Buckets

- Easily create a complete mopping system with these buckets designed for use with Texwipe AlphaMop and other common cleanroom flat mops (18" length x 9.5" wide [45 cm x 24 cm] maximum)
- Autoclave safe
- Interior volume marks allow for accurate dilution
- Easy solution identification with three color offerings (polypropylene)
- Select our stainless steel cart (TX7046 and optional cart extension (TX7046E) to make a convenient three bucket system.

Carts

- Protective side to keep your buckets in safe
- Captures spills
- Approved for use in the food industry.

TECHNICAL DATA SHEET

Description

Texwipe offers several assembly replacement parts to ensure your mop stays in its premium condition. Use Texwipe replacement parts for your AlphaMop™ (TX7108 and TX7108A).

AlphaMop™ Replacement Parts

Replacement Heads

- **AlphaMop™ Replacement Head (TX7108H)**
15" x 8" (38 cm x 20 cm) thermoplastic mop head for use with TX7108.
- **Autoclave Safe AlphaMop™ Replacement Head (TX7108AH)**
15" x 8" (38 cm x 20 cm) thermoplastic mop head for use with TX7108A. Autoclave safe.

Replacement Handles

- **60" (1.5 m) Replacement Handle (TX7123)**
White fiberglass replacement handle for TX7108 and TX7108A. Autoclave safe.
- **60" – 112" (1.5 m – 2.8 m) Extension (Telescoping) Handle (TX7160)**
White fiberglass replacement handle for TX7108 and TX7108A. Autoclave safe.

Features & Benefits

- Ensures compatibility with existing products
- Texwipe parts for the ultimate in clean
