Cleanroom Paper

Texwipe's TexWrite[®] Cleanroom Paper offers a complete stationery system for critical and controlled environments.

• 100% Synthetic Sheets

TexWrite[®] MP10 is designed for ultraclean environments that cannot tolerate cellulose contamination. A unique 100% synthetic sheet with outstanding performance characteristics, this paper construction prevents particle contamination, ink smearing, and the need for lamination.

• Cellulose Sheets (polymer-reinforced)

TexWrite cellulose is cleaner and more consistent for your cleanroom than conventional bond paper. Constructed of 100% virgin pulp without inorganic fillers, this paper is titanium dioxide and calcium carbonate free. The polymer reinforcement is latex-free and helps reduce particle generation as compared to conventional bond. Precision cut for jam-free performance and ideal for use in any type of printer or copier.

Notebooks & Adhesive Pads

Documented Clean

Texwipe's notebooks and note pads are ideal for documentation and storage of notes/records in cleanrooms. Available in spiral and hardbound options.

Adhesive Note Pads

Featuring a proprietary temporary adhesive strip, this low contamination, polymeric elastomer allows TexNotes[®] to be attached and removed without high residue. Made with TexWrite[®] 22 and cleanroom packaged. Pads measure 3" x 4", 72 sheets per pad.

Cleanroom Journal

Designed as a legal document, this hard-bound journal contains dual signature lines plus project and notebook number identification. The covers are protected with a Mylar[®] gloss film laminate and the pages are sewn with silicone free thread. These features provide security to support Good Laboratory Practice (GLP) for documentation in critical laboratory and manufacturing environments.

Spiral-Bound Notebooks

Featuring high-density polyethylene covers, plastic spirals and TexWrite[®] 22 cleanroom paper, the spiral bound TexWrite[®] notebooks are ideal for critical environments. Printed with IPA resistant, low-sodium ink for reduced ionic contamination. Notebooks lie flat and pages rotate freely for ease of use. Available in 8.5" x 11", 8.5" x 5.5" and 3" x 5" sizes.

Binders & Clipboards

Cleanroom Three-Ring Binder

Designed for cleanroom equipment manuals, operating procedures and work instructions, the TexWrite® three-ring binder features a durable polyethylene cover with a plastic ring mechanism. The rings open quickly with a single-sliding tab for easy changes to binder contents. All-plastic construction ensures cleanliness and corrosion resistance for long life.

Features:

- 1" capacity (25mm)
- Polyethylene cover
- Slide-tab plastic ring mechanism
- 100% metal free
- Chemical resistant
- Individually cleanroom packaged

Cleanroom Tapes

Keep it together

Texwipe offers a wide range of Cleanroom Tapes, constructed from the highest quality materials. Available in a variety of sizes, colors and materials, we have a solution for your specific application.

Tape constructions suitable for most applications and environments. We selected specifically engineered tape choices to suit an array of preferences, protocols and needs.

- LDPE with Acrylic strong adhesion, handtearable, low halogen and leachable construction
- LDPE with Rubber hand-tearable, low halogens and leachables
- **PVC with Rubber** extremely conformable tape with aggressive adhesion, with clean peal from most cleanroom surfaces

Available in .5", 1", 2" and 3" widths in a variety of colors. Packaging is as follows: .5" tapes shipped 4 per bag, 1" tapes shipped 2 per bag, 2" and 3" tapes are packaged 1 per bag. Please check individual SKUs for case quantities.

Cleanroom Labels

Leave your mark

Texwipe's quick-ship pressure sensitive cleanroom labels are designed for critical environments and are made from material that is low out-gassing, has ultra-low leachables and low particulates. Each label is tested for surface particles, cleaned, double bagged and packaged in a controlled environment.

Available in ready to order (blank) stock, preprinted, and custom design options in a mix of removable, permanent and autoclave adhesives.
