Product & Customer Support

Texwipe products are available through a worldwide network of distributors and are backed by our specialized technical support. We provide on-site facility audits, training posters, technical article reprints, product line brochures, technical datasheets, samples, test methods, and a comprehensive website.

Critical Cleaning for Life Sciences

The Texwipe® team understands the unique requirements for cleaning and contamination control in the life sciences industries. These requirements extend beyond cleaning to cleaning validation and to the protocols to avert contamination.

Texwipe has a 40-year foundation of supplying the finest **cleanroom and sterile wipers** to life science companies. We are also the global leader in **sampling swabs** for cleaning validation and the only supplier of bound, **laboratory notebooks** designed for cleanrooms.

From **disinfectants** to **cleanroom tapes** to **Sterile IPA**, Texwipe offers everything Life Science companies need to ensure contamination control.

Texwipe products for pharmaceutical and biotechnology companies include:

- Wipers: Sterile, Dry, Pre-Wetted
- Sterile IPA
- TOC Cleaning Validation Kits
- Cleaning Validation Swabs
- Disinfectants
- Cleanroom Mops
- Adhesive Mats
- Cleanroom Paper
- Cleanroom Labels

Featured Product

What is Vertex®?

People are the greatest source of contamination in the cleanroom. We don't do this intentionally, it's simply a byproduct of the environment in which we live and our bodies sloughing off cells. By removing people from the manufacturing process, Texwipe has engineered a new level of clean which can't be touched... by us or the competition.

No People.
From start to finish, this proprietary, patent-pending system isolates the wiper material from human contact. No people, no hands, no added risk of contamination.

Consistency.
Vertex guarantees that we produce highly consistent wipers time after time. No variation in particulates or fibers, just the highest level of assurance that you will receive a highly consistent wiper, time after time.

Options.
Vertex wipers were specifically developed with an ability to perform over a wide range of applications and settings. We offer a variety of fabrics in both 9" x 9" and 12" x 12" sizes, along with a selection Pre-Wetted Wipers.

Vertex® Family of Dry Wipers

Product Number	Description	Packaging
TX22	High Durability, 12" x 12" nominal (30 cm x 30 cm), laser sealed-edge wipers	100 wipers/bag, 10 bags/case
TX29	High Durability, 9" x 9" nominal (23 cm x 23 cm), laser sealed-edge wipers	150 wipers/bag, 10 bags/case
TX42	High Sorption, 12" x 12" nominal (30 cm x 30 cm), laser sealed-edge wipers	100 wipers/bag, 10 bags/case
TX49	High Sorption, 9" x 9" nominal (23 cm x 23 cm), laser sealed-edge wipers	150 wipers/bag, 10 bags/case
TX59	Microdenier, 9" x 9" nominal (23 cm x 23 cm), sealed-edge wipers	100 wipers/bag, 10 bags/case

STERILE

A wiper so revolutionary, it's in a category by itself

Sterile Vertex Wipers are manufactured HandsFree™, eliminating the primary source of contamination risk.

Lowest Risk of Microbial Contamination
By removing the human element, Vertex has the lowest risk for microbial contamination.

Consistent Clean™
Minimum variability in particulates and fibers with our highly reproducible Roll2Bag™ process. Vertex offers the highest level of assurance that each wiper performs the same, bag after bag, lot after lot.

High Sorption

100% polyester double-knit designed to provide a very soft feel plus high sorptive capacity.

Product Number	Description	Packaging
TX3042	Vertex Sterile High Sorption 12" x 12" sealed-edge wipers	100 wipers/bag (5 inner bags of 20 wipers), 5 bags/case
TX3049	Vertex Sterile High Sorption 9" x 9" sealed-edge wipers	100 wipers/bag (5 inner bags of 20 wipers), 5 bags/case

Microdenier

Microdenier yarn has four times the number of filaments and twice the surface area in the yarn bundle as compared to standard polyester wipers. This increases wiping efficiency and creates the soft hand that is so uniquely characteristic of this microdenier wiper.

Product Number	Description	Packaging
TX3052	Vertex Sterile Mircodenier 12" x 12" sealed-edge wipers	100 wipers/bag (5 inner bags of 20 wipers), 5 bags/case
TX3059	Vertex Sterile Mircodenier 9" x 9" sealed-edge wipers	100 wipers/bag (5 inner bags of 20 wipers), 5 bags/case

Pre-Wetted Wipers

USP-Purified IPA. Pre-wetted to just the right level, suitable for most applications.

Product Number	Description	Packaging
TX3042P	Sterile Vertex 12" x 12" sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	25 wipers/bag, 5 bags/case
TX3044P	Sterile Vertex® 12" x 12" sealed-edge wipers pre-wetted with 70% USP-Grade Denatured Ethyl Alcohol and USP Purified Water	25 wipers/bag, 5 bags/case
TX3049P	Sterile Vertex 9" x 9" sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	25 wipers/bag, 5 bags/case

Sterile Dry Wipers

Aseptic and Sterile Areas Cleaned

Texwipe sterile wipers clean aseptic and sterile work areas efficiently while maintaining the integrity of the environments. They are ideal for cleaning aseptic fill areas, biotechnology production equipment, microbiological labs and isolators.

All Texwipe SterileWipe™ Wipers feature:

- **Gamma-irradiated to a 10^{-6} sterility assurance level**
- **Specially designed packaging for aseptic environments**
- **Lot-specific Certificates of Irradiation and Compliance**
- **Clearly visible lot code and expiration date**
- **Protective strip on packaging to cover the wipers after opening**

ISO Class 3-5

SterileWipe™ LP 10

Polyester sealed-border wiper with optimum balance of wiping efficiency, abrasion resistance and sorption.

Product Number	Description	Packaging
TX3212	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case

SterileWipe™ AS 10

Premium two-ply, high-sorbency sealed-border wiper. Best choice for all standard applications.

Product Number	Description	Packaging
TX3215	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case

Sterile TexTra™ 10

Two-ply capacity sorption in a single-ply, heavyweight polyester sealed-border wiper. All purpose wiper, excellent for spill control.

Product Number	Description	Packaging
TX3224	9” x 9” nominal (23 cm x 23 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case
TX3225	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case

ISO Class 5-6

Sterile TexTra™

Two-ply capacity sorption in a single-ply, heavyweight, standard-edge polyester wiper. Economical and excellent for spill control.

Product Number	Description	Packaging
TX3220	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case

SterileWipe™ LP

Standard-edge polyester all-purpose wiper. Combines low particle and extractable levels with superior strength.

Product Number	Description	Packaging
TX3211	9” x 9” nominal (23 cm x 23 cm)	100 wipers/bag, 10 inner bags of 20 wipers, 5 bags/case

ISO Class 6-7

SterileWipe™ HS II

Absorbent, nonwoven cellulose/polyester wiper provides the optimum balance of sorption, durability and cleanliness. Economical all-purpose wiper.

Product Number	Description	Packaging
TX3210	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 5 inner bags of 20 wipers, 5 bags/case

STERILE

Sterile Pre-Wetted Wipers

One-Step Cleaning

A convenient and reliable alternative to wipers and alcohol spray bottles, Texwipe Sterile Pre-Wetted Wipers consist of cleanroom wipers with an optimum level of 70% isopropyl alcohol, gamma irradiated to a 10^{-6} sterility assurance level.

- **Optimum saturation** — wet enough to clean surfaces and dry enough to remove contamination
- **Easier —** eliminates IPA storage, blending, filtration, in-house sterilization and validation documentation
- **Safer —** reduces spill potential, reduces solvent disposal, eliminates overspray of IPA and reduces VOCs

Sterile Pre-Wetted Wipers are ideal for cleaning aseptic fill areas, biotechnology production equipment, microbiological labs and isolators.

All Texwipe Sterile Pre-Wetted Wipers feature:

- **Gamma-irradiated to a 10^{-6} sterility assurance level**
- **Clearly visible lot code and expiration date**
- **Lot-specific Certificates of Irradiation and Compliance**

ISO Class 3-5

Sterile AlphaSat® 10 with WFI

SterileWipe™ LP 10 sealed-border, polyester wiper pre-wetted with 70% IPA/30% WFI. Ideal for cleaning equipment and environmental surfaces in critical aseptic environments.

Product Number	Description	Packaging
TX3280	12” x 12” nominal (31 cm x 31 cm)	50 wipers/flatpack, 5 flatpacks/case

Sterile AlphaSat® 10

SterileWipe™ LP 10 sealed-border, folded polyester wiper pre-wetted with 70% IPA. Packaged in a small, resealable flexpack sized appropriately for isolators and biological safety cabinets.

Product Number	Description	Packaging
TX3285	9” x 9” nominal (23 cm x 23 cm)	20 wipers/flexpack. 20 flexpacks/case

ISO Class 5-6

Sterile AlphaSat® with AlphaSorb® HC

Sterile AlphaSorb® HC standard edge, polyester wiper pre-wetted with 70% IPA. Excellent for cleaning equipment and environmental surfaces in aseptic environments. Use for final wipedown to remove residual disinfectant.

Product Number	Description	Packaging
TX3252	12” x 12” nominal (31 cm x 31 cm)	25 wipers/flatpack, 5 flatpacks/case

ISO Class 6-7

Sterile TechniSat®

SterileWipe™ HS II cellulose/polyester folded wiper pre-wetted with 70% IPA. All-purpose, durable pre-wetted wiper.

Product Number	Description	Packaging
TX3214	9” x 11” (23 cm x 28 cm)	50 wipers/flexpack. 24 flexpacks/case
TX3217	9” x 11” (23 cm x 28 cm)	20 wipers/flexpack. 24 flexpacks/case

Sterile PolySat®

Polypropylene folded wiper pre-wetted with 70% IPA. Economical, all-purpose pre-wetted wiper.

Product Number	Description	Packaging
TX3213	9” x 11” (23 cm x 28 cm)	50 wipers/flexpack. 24 flexpacks/case
TX3216	9” x 11” (23 cm x 28 cm)	20 wipers/flexpack. 24 flexpacks/case

The First Name in Wipers

Texwipe cleanroom wipers efficiently clean, wipe and absorb spills in all classes of controlled environments. They also function as disposable work surfaces for bench top operations. The product family offers a range of properties and characteristics suitable for most applications.

Polyester Knit Wipers
The polyester knit wipers offer the highest level of purity for ISO Class 3-7 environments. Their superior strength is ideal for rigorous wiping. They are compatible with detergents, disinfectants, alcohol, bleach and sterilants.

Nonwoven Wipers
The nonwoven wipers consist of hydroentangled polyester and cellulose fibers. They are much cleaner and stronger than paper towels, and more economical than polyester knit wipers. They are ideal for all controlled environments ISO Class 7 and higher.

ISO Class 1-3 — Polyester Knit Wipers

AlphaSorb® 10

Premium two-ply, sealed-border polyester wiper for high sorption. Abrasion-resistant wiper with soft, flexible hand, designed to pick up large amounts of liquid and to apply chemicals. Ideal for use when one wiper is needed for multiple environments.

Product Number	Description	Packaging
TX1052	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 2 inner bags of 50, 6 bags/case

TexTra™ 10

Sealed-border, heavy-weight polyester wiper for high sorption. Single-ply wiper with the liquid-holding capacity of a two-ply wiper. Good abrasion resistance, ideal for use when one wiper is needed for multiple environments.

Product Number	Description	Packaging
TX2452	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 2 inner bags of 50 wipers, 6 bags/case

ISO Class 4-5 — Polyester Knit Wipers

AlphaWipe®

Premium cut-edge, heavy-weight all-purpose polyester wiper for critical environments.

Product Number	Description	Packaging
TX1003	11” x 12” nominal (28 cm x 31 cm)	250 wipers/bag, 6 bags/case
TX1013	12” x 12” nominal (31 cm x 31 cm)	75 wipers/bag, double bagged, 10 bags/case

TexTra™

Cut-edge heavy-weight, single-ply polyester wiper with sorption similar to a two-ply polyester wiper and good abrasion resistance.

Product Number	Description	Packaging
TX2424	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 2 inner bags of 50, 8 bags/case

AlphaSorb® HC

Large, cut-edge two-ply polyester wiper for highest sorption capacity.

Product Number	Description	Packaging
TX2412	12” x 12” nominal (31 cm x 31 cm)	100 wipers/bag, 2 inner bags of 50 wipers, 6 bags/case
TX2418	18” x 18” nominal (46 cm x 46 cm)	100 wipers/bag, 2 inner bags of 50 wipers, 3 bags/case

ISO Class 5, 6-9 — Nonwoven Wipers

TechniCloth®

TechniCloth offers the lowest level of releasable ions and non-volatile contaminants; contains no chemical binders and tolerates most standard solvents. Its blend of 55% cellulose and 45% polyester provides the optimum balance of sorption, durability and cleanliness.

Product Number	Description	Packaging
TX612	12” x 12” nominal (31 cm x 31 cm)	150 wipers/bag, double bagged, 10 bags/case

TechniCloth® II

TechniCloth II features the proprietary ULP (ultra-low particulate) treatment. It releases significantly fewer particles and fibers than the standard TechniCloth wiper.

Product Number	Description	Packaging
TX1112	12” x 12” nominal (31 cm x 31 cm)	150 wipers/bag, double bagged, 10 bags/case
TX1118	18” x 18” nominal (46 cm x 46 cm)	75 wipers/bag, double bagged, 10 bags/case

VersaWipe®

Economical, lighter weight version of TechniCloth. It contains no chemical binders and tolerates most standard solvents.

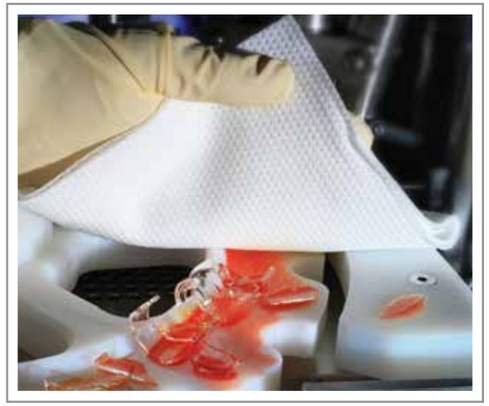
Product Number	Description	Packaging
TX622	12” x 12” nominal (31 cm x 31 cm)	150 wipers/bag, double bagged, 10 bags/case

Cleanroom Wipers with 70% IPA

Texwipe Pre-Wetted Wipers contain an optimum level of 70% isopropyl alcohol / 30% DIW solution. They are a convenient and reliable alternative to wipers and alcohol spray bottles:

- **Optimum saturation** — wet enough to clean surfaces and dry enough to remove contamination
- **Easier** — eliminates IPA storage, blending and filtration
- **Safer** — reduces spill potential, reduces solvent disposal; eliminates overspray of IPA, and reduces VOCs

The product family includes wipers designed for all classes of controlled environments. They are ideal for critical cleaning of pharmaceutical and biotechnology production equipment, microbiological labs and isolators.



ISO Class 1-3

QuanSat™ with Vectra® QuanTex™

Premium Polyester sealed border wiper for ultra-clean environments. Agarose Overlay and LAL testing reports available.

Product Number	Description	Packaging
TX1084	9” x 9” nominal (23 cm x 23 cm)	50 wipers/flatpack, 12 flatpacks/case

ISO Class 4-5

AlphaSat® with AlphaWipe®

Heavy-weight polyester wiper for overall effective cleaning.

Product Number	Description	Packaging
TX1034	4” x 4” nominal (10 cm x 10 cm)	200 wipers/bucket, 4 buckets/case
TX1036	6” x 6” nominal (15 cm x 15 cm)	75 wipers/flip top tub, 12 fliptop tubs/case
TX1039	9” x 9” nominal (23 cm x 23 cm)	50 wipers/bucket, 4 buckets/case

ISO Class 5

TechniSat®

Polyester/cellulose wiper for optimum cleaning and sorption.

Product Number	Description	Packaging
TX1065	9” x 11” nominal (23 cm x 28 cm)	50 wipers/flexpack, 24 flexpacks/case

PolySat®

Polypropylene wipers pre-wetted with 70% IPA

Product Number	Description	Packaging
TX1051	9” x 11” (22.9 cm x 27.9 cm)	50 wipers/flexpack, 24 flexpacks/case
TX8723	6” x 11” (15 cm x 28 cm)	75 wipers/ flexpack, 24 flexpacks/case

Vertex® Pre-Wetted Wipers

Made in USA

The Right Levels.
Overly saturated wipers can leave behind a pool of contaminants and insufficiently saturated wipers can perform poorly. Vertex Pre-Wetted Wipers contain just the right levels to clean contamination without over- or under-wetting surfaces.

Same Wiper, Time After Time.
The Vertex guarantees that we produce highly consistent wipers time after time. No variation in particulates or fibers, just the highest level of assurance that you will receive a highly consistent wiper, time after time.

Lowest Risk of Contamination.
From start to finish, this proprietary system isolates the wiper material from human contact. No people, no hands, no added risk of contamination.

Vertex Pre-Wetted Wipers

Product Number	Description	Packaging
TX42P	Vertex 12” x 12” sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	50 wipers/bag, 4 bags/case
TX49P	Vertex 9” x 9” sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	75 wipers/bag, 4 bags/case

STERILE

Sterile Vertex Pre-Wetted Wipers

Product Number	Description	Packaging
TX3042P	Sterile Vertex 12” x 12” sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	25 wipers/bag, 5 bags/case
TX3044P	Sterile Vertex® 12” x 12” sealed-edge wipers pre-wetted with 70% USP-Grade Denatured Ethyl Alcohol and USP Purified Water	25 wipers/bag, 5 bags/case
TX3049P	Sterile Vertex 9” x 9” sealed-edge pre-wetted with 70% USP Purified IPA / 30% DIW wipers	25 wipers/bag, 5 bags/case

Sterile Isopropyl Alcohol (IPA)

Sterile 70% Isopropanol contains 70% by volume USP-grade Isopropanol (isopropyl alcohol) and 30% USP-purified water.

Available in trigger spray and bulk containers. The trigger sprays are fully assembled with a ready-to-use applicator; no unpacking, handling or attachment of a separate spray head is required.

The solution is submicron filtered, filled into cleaned containers, double-bagged and gamma-irradiated. Each bottle is lot coded with an expiration date for easy recordkeeping.

Sterile 70% Isopropanol

Specifically formulated alcohols for high-performance cleaning in sterile environments

Product Number	Description	Packaging
TX8270	Trigger spray, 8 fluid ounces (237 ml)	12 polybottles/case
TX3270	Trigger spray, 16 fluid ounces (473 ml)	12 polybottles/case
TX3273	Trigger spray, 32 fluid ounces (946 mL)	12 polybottles/case
TX3290	Bulk container, 1 gallon (3.8 liters).	4 polybottles/case

25% More Kill Claims

TX650
Ready-to-Use Trigger Spray

TexQ™ Disinfectant

One-Step Cleaner and Disinfectant

TexQ Disinfectant is an EPA-registered quaternary ammonium compound (quat) which serves as an effective one-step cleaner/disinfectant. It is effective against a broad spectrum of bacteria, virus and fungi, and inhibits the growth of mold and mildew and their odors when used as directed.

1 Qualification, 2 Solutions. TexQ is available in trigger spray and concentrate formulas - both with the same active ingredients and final concentration. Qualify the product once and use either form with confidence as the end-use dilution at point-of-use is the same for both solutions.

TexQ Disinfectant

Product Number	Description	Packaging
TX650	TexQ Disinfectant Ready-to-Use (RTU)	22 oz. trigger spray, 12 bottles/case
TX651	TexQ Disinfectant Concentrate	1 gallon concentrate, 4 bottles/case

From Floor to Ceiling

Texwipe Cleanroom Mops combine the effectiveness of cleanroom wipers with convenient handles to wipe large surfaces and difficult-to-reach areas.

Our products include large flat mops for wiping large environmental surfaces, small flat mops for hard-to-reach areas, and large volume mops for floors.

Also available are mop covers and replacement parts for the Texwipe Cleanroom Mop products.

TX7106
BetaMop™ II

BetaMop™ II

15-ounce tubular polyester mop for efficient and economical floor cleaning in critical or clean environments. All components are compatible with autoclaves, chemicals, VHP or EO.

Product Number	Name / Description	Packaging
TX7106	BetaMop™ II Mop with head refill	1 mop/case
Mop Covers & Refills		
TX716R	BetaMop™ II Refill heads for use with TX106 BetaMop II	6 heads/case

TX7102
ClipperMop™

ClipperMop™

Mop systems that use 9” x 9” or 12” x 12” wipers. The entire system tolerates sterilization by chemicals, VHP or EO.

Product Number	Description	Packaging
TX7102	ClipperMop™ 7” mop head, extension handle	1 mop/case
TX7103	ClipperMop™ 11” mop head, extension handle	1 mop/case
Mop Accessories & Replacement Parts		
TX7102C	ClipperMop™ Clips Polyethylene tether clips and nylon screws for use with TX7102 and TX7103	4 clips/bag = 80 clips/cs 2 screws/bag = 40 screws/cs 20 bags/case
TX7111A	ClipperMop™ Replacement Pads (7102) Foam pads and white fasteners for use with TX7102	10 pads/bag = 100 pads/cs 4 fasteners/bag = 40 fasteners 10 bags/case
TX7111B	ClipperMop™ Replacement Pads (7103) Foam pads and white fasteners for use with TX7103	10 pads/bag = 100 pads/cs 4 fasteners/bag = 40 fasteners 10 bags/case

TX7108
AlphaMop™

TX7118F
AlphaMop™ Foam Pad Replacement Kit

AlphaMop™

Ideal for applications requiring low particle, extractable and ionic contamination. Superior for wall, floor and ceiling cleaning in ultraclean manufacturing environments. Autoclavable.

Product Number	Name / Description	Packaging
TX7108	AlphaMop™ Cleanroom mop with handle and single head assembly	1 mop/case
TX7108A	Autoclavable AlphaMop™ 15” x 8” thermoplastic single head assembly 60” fiberglass handle	1 mop/case
Mop Covers & Refills		
TX7026	AlphaSat® Pre-Wetted Mop Covers 8” x 15” (20 cm x 38 cm) pre-wetted with 6% IPA	25 mop covers/bag 4 bags/case = 100 mop covers 4 foam pads/case
TX7118	AlphaMop™ Mop Covers 8” x 15” (20 cm x 38 cm) Polyester mop covers and foam pads	150 mop covers/case (6 bags of 25 mop covers) 6 foam pads/case
TX7118F	AlphaMop™ Foam Pad Replacement Kit Foam pads and clips for use with AlphaMop™ TX7108 and TX7108A	25 foam pads and 4 clips/bag 3 bags/case
TX3268	Sterile AlphaMop™ Covers polyester replacement covers and pads	125 covers and 25 pads/case (25 bags of 5 covers and 1 pad)
Mop Accessories & Replacement Parts		
TX7160	Autoclavable Extension Handle 60” - 112”	1 handle/case

TX7101
Isolator Cleaning Tool with Mini AlphaMop™

Mini AlphaMop™

Mop system for cleaning isolators, biosafety cabinets, glove boxes and laminar flow hoods. Compatible with sterilization by autoclave, chemicals, VHP or EO.

Product Number	Name / Description	Packaging
TX7101	Isolator Cleaning Tool with Mini AlphaMop™ 3.7” x 7.1” (9.4 cm x 18.1 cm) Mini cleanroom mop with 2 extension handles plus foam pad and starter pack of covers	1 mop/case 2 handles (12” and 18”) 1 foam pad 6 covers (TX7114)
TX7104	Mini AlphaMop™ 3.7” x 7.1” (9.4 cm x 18.1 cm) Mini cleanroom mop with 1 telescoping handle plus foam pad and starter pack of covers	1 mop/case 1 telescoping handle (telescopes from 2’ 5” to 4’ 5”) 1 foam pad 6 covers (TX7114)
Mop Covers & Refills		
TX3264	Sterile Mini AlphaMop™ Covers polyester replacement covers and pads	120 covers and 12 pads/case (12 bags of 10 covers and 1 pad)
TX7114M	Mini AlphaMop™ Replacement Covers Microdenier polyester mop covers	150 mop covers/case (6 bags of 25 mop covers) 6 foam pads/case
Mop Accessories & Replacement Parts		
TX7160	Autoclavable Extension Handle 60” - 112”	1 handle/case

Green Handles are the Gold Standard

Texwipe CleanTips® Swabs, with their trademarked green handles, are the global standard for cleaning validation in FDA regulated industries.

CleanTips® Swabs are engineered for the stringent requirements of both specific (HPLC, IMS, UV-vis) and non-specific (TOC) analytical methods.

The HPLC and IMS swabs are solvent purified to reduce background interference for more accurate chemical analysis. These swabs are effective with a wide range of diluents. The TOC sampling swabs are certified to <50 µg/L and are designed for the efficient collection and recovery of residual organic contamination.

Cleaning Validation Swabs ★★★★★

Low TOC Sampling Swab (SnapSwab™)

Knitted polyester swab with broad paddle head purified and certified to <50 µg/L TOC. Snap off head feature. Also available in TOC Cleaning Validation Kits.

Product Number	Description	Packaging
TX714K	5.0" overall swab length	20 swabs/bag, 50 bags/case

Sampling Swab

Solvent cleaned knitted polyester swab optimized for HPLC, IMS or UV-vis analysis. Snap off head feature.

Product Number	Description	Packaging
TX715	5.0" overall swab length	100 swabs/bag (2 inner bags of 50 swabs), 10 bags/case

Large Sampling Swab

Hydroentangled polyester head significantly reduces background interference in HPLC, IMS or UV-vis analysis. Snap off head feature.

Product Number	Description	Packaging
TX716	5.0" overall swab length	20 swabs/bag, 50 bags/case

Low TOC Swab (with Long Handle)

Knitted polyester swab with long handle purified and certified to <50 µg/L TOC. Flexible to provide contact in difficult to reach sampling areas.

Product Number	Description	Packaging
TX761K	6.4" overall swab length	20 swabs/bag, 50 bags/case

The Preferred Tools

Texwipe's CleanTips® Swabs are the preferred tools for rigorous cleaning in tight areas, particularly ideal for pharmaceutical and biotech work environments.

The Alpha® Series Swabs feature cleanroom-laundered knit-polyester heads for extraordinary cleanliness. The polyester heads are thermally molded onto the polypropylene handles, eliminating the potential of contamination from adhesives. The perimeter edges are sealed to prevent fiber release.

Alpha® Swabs can be sterilized by autoclave, EO or steam. They are compatible with a wide range of detergents, disinfectants and cleaning agents.

Alpha® Swabs ★★★★☆

Large Alpha® Swab

The large paddle-style head and sturdy handle for removing contaminants in a broad path.

Product Number	Description	Packaging
TX714A	5.0" overall swab length	100 swabs/bag (2 inner bags of 50 swabs), 10 bags/case

Small and Mini Alpha® Swabs

These short-handled, small-tipped swabs are designed for cleaning tight areas where rigidity on the sides of the head is required.

Product Number		Description	Packaging
TX743B	**Small Alpha Swab**	2.8" overall swab length	500 swabs/bag (5 inner bags of 100 swabs, 5 bags/case

Product Number		Description	Packaging
TX754B	**Mini Alpha Swab**	2.7" overall swab length	500 swabs/bag (5 inner bags of 100 swabs, 5 bags/case

Micro Alpha® Swab

The flexible tip enables cleaning at an angle perpendicular to the swab length in narrow areas.

Product Number	Description	Packaging
TX758B	2.8" overall swab length	500 swabs/bag (5 inner bags of 100 swabs), 5 bags/case

Alpha® Swab with Long Handle

The medium-size paddle-shaped tip and long, flexible handle make this swab the perfect tool for use in hard-to-reach and partially obscured areas.

Product Number	Description	Packaging
TX761	6.4" overall swab length	100 swabs/bag (1 inner bag of 100 swabs), 10 bags/case

Additional information including dimensions for these and more than 30 other CleanTips Swabs is available at www.texwipe.com.

TX3342
Bulk TOC Cleaning Validation Kit

TOC Cleaning Validation Kits

Texwipe created TOC (Total Organic Carbon) Cleaning Validation Kits to simplify cleaning validation by TOC analysis. The kits include swabs, vials and labels in a cleanroom-compatible polypropylene box.

The vials are certified to <10 µg/L and have a 40 mL capacity. The sampling swabs are certified to <50 µg/L and are designed for the efficient collection and recovery of residual organic contamination. The TX714K SnapSwab™ has notches for easy breaking.

The polypropylene box is compatible with cleanrooms; it protects the integrity of the vials both before and after sampling; and it offers safe transportation of the glass vials.

TOC Cleaning Validation Kits

Product Number	Description	Packaging
TX3340	TOC Cleaning Validation Kit, 12 vials + 24 swabs + 2 labels	18 kits/case
TX3342	Bulk TOC Cleaning Validation Kit, 72 vials + 144 swabs + 72 labels	1 kit/case

Leave your mark

Texwipe's quick-ship pressure sensitive cleanroom labels are designed for critical environments and are made from material that is low out-gassing, has ultra-low leachables and low particulates. Each label is tested for surface particles, cleaned, double bagged and packaged in a controlled environment.

Blank Cleanroom Labels

Product #	Stock Type	Size	Description	Packaging
Autoclave				
TX515A	Autoclave	1.5" round	Autoclave Labels, Blank, 1.5" round - Autoclave adhesive	500 labels/roll, 4 rolls/case
Direct Thermal				
TX515D	Direct Thermal	1.5" x 1.5"	Direct Thermal Labels, Blank, 1.5" x 1.5" - Permanent adhesive	1000 labels/roll, 4 rolls/case
TX532D	Direct Thermal	3" x 2"	Direct Thermal Labels, Blank, 3" x 2" - Permanent adhesive	1000 labels/roll, 4 rolls/case
TX542D	Direct Thermal	4" x 2"	Direct Thermal Labels, Blank, 4" x 2" - Permanent adhesive	1000 labels/roll, 4 rolls/case
Gloss				
TX515G	Gloss	1.5" x 1.5"	Gloss Labels, Blank, 1.5" x 1.5" - Removable adhesive	1000 labels/roll, 4 rolls/case
TX532G	Gloss	3" x 2"	Gloss Labels, Blank, 3" x 2" - Removable adhesive	1000 labels/roll, 4 rolls/case
TX542G	Gloss	4" x 2"	Gloss Labels, Blank, 4" x 2" - Permanent adhesive	1000 labels/roll, 4 rolls/case
Matte				
TX515M	Matte	1.5" x 1.5"	Matte Labels, Blank, 1.5" x 1.5" - Removable adhesive	1000 labels/roll, 4 rolls/case
TX532M	Matte	3" x 2"	Matte Labels, Blank, 3" x 2" - Removable adhesive	1000 labels/roll, 4 rolls/case
TX542M	Matte	4" x 2"	Matte Labels, Blank, 4" x 2" - Removable adhesive	1000 labels/roll, 4 rolls/case

Custom Cleanroom Labels

Texwipe specializes in printing custom cleanroom labels. Please contact your Regional Sales Manager for more information.

Pre-Printed Cleanroom Labels

Product Number	Name / Description	Packaging
TX522A (formerly ALAU275)	Pre-Printed Sterilization Indicator, Autoclave 2" x 2" - Autoclave adhesive	500 labels/roll 1 roll/case

Documented Clean

Releasing significantly fewer particles and fibers during copying, printing and handling than conventional bond paper. TexWrite® paper and notebooks are engineered for critical environments.

Loose-Leaf Sheets.
Available in **premium synthetic** (TX5800) and **saturated cellulose** papers in 30#, 22# and 18# weights. Latex-saturated sheets are available in blue, green, yellow and white.

Premium synthetic sheets are available in a pleasing blue-green color and are compatible with sterilization by gamma irradiation, EO or steam.

Journals & Notebooks.
Ideal for documentation and storage of notes and records in ISO Class 4 - 6 cleanrooms. Our proprietary Bag-Within-A-Bag® technology helps guard against contamination by allowing alcohol wipe down (of exterior bag) before introduction of interior bag into cleanrooms, sterile suites and aseptic environments.

Binders & Clipboards.
Designed for cleanroom equipment manuals, operating procedures and work instructions, the TexWrite® **three ring binder** features a durable polyethylene cover with a plastic ring mechanism and the **Cleanroom Clipboard** is the ideal portable writing surface.

TX5820
TexWrite® Adhesive Pads

Adhesive Note Pads

Product Number	Name / Description	Packaging
TX5820	TexWrite® Adhesive Pads 3" x 4" (76 mm x 102 mm) 22 lb. blue paper stock, unlined	72 sheets/pad 10 pads/box (case) 720 sheets

TX5835
TexWrite® Clipboard

Binders & Clipboards

Product Number	Name / Description	Packaging
TX5810	Three-Ring Binder, TexWrite® 1" (25 mm) capacity slide ring mechanism	10 binders/case
TX5835	TexWrite® Clipboard 9" x 13"	12 clipboards/case

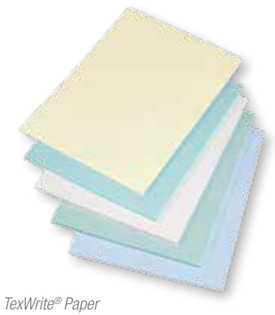
TX5708
Cleanroom Notebook

Cleanroom Spiral Notebooks

Journals & Notebooks

Product Number	Name / Description	Packaging
TX5708	Cleanroom Notebook, TexWrite® 8½" x 11" (216 mm x 279 mm) Blue paper stock, college ruled, numbered pages	10 notebooks/box (case)
TX5740	Cleanroom Spiral Notebook, TexWrite® 22 8½" x 11" (216 mm x 279 mm) 22 lb. white paper stock, college ruled	10 notebooks/box (case)
TX5741	Cleanroom Spiral Notebook, TexWrite® 22 5½" x 8½" (140 mm x 216 mm) 22 lb. white paper stock, college ruled	10 notebooks/box (case)
TX5742	Cleanroom Spiral Notebook, TexWrite® 22 3" x 5" (76 mm x 127 mm) 22 lb. white paper stock, college ruled	20 notebooks/box (case)

TX5800
TexWrite® MP 10 synthetic sheet



TexWrite® Paper

Loose Leaf Sheets

Product Number	Name / Description	Packaging
TX5800	TexWrite® MP 10 8½" x 11" (216 mm x 279 mm) white/blue-green 100% synthetic sheet, unlined	100 sheets/pack 5 packs/box = 500 sheets
TX5812	TexWrite® 22 Loose Sheets, BLUE 8½" x 11" (216 mm x 279 mm) 22 lb. blue paper stock, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5814	TexWrite® 22 Loose Sheets, YELLOW 8½" x 11" (216 mm x 279 mm) 22 lb. yellow paper stock, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5815	TexWrite® 22 Loose Sheets, WHITE 8½" x 11" (216 mm x 279 mm) 22 lb. white paper stock, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5816	TexWrite® 22 3-Hole Punch Sheets, BLUE 8½" x 11" (216 mm x 279 mm) 22 lb. blue paper stock, 3-hole punched, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5831	TexWrite® 22 Loose Sheets, GREEN 8½" x 11" (216 mm x 279 mm) 22 lb. green paper stock, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5832	TexWrite® 30 Loose Sheets, WHITE 8½" x 11" (216 mm x 279 mm) 30 lb. white paper stock, unlined	250 sheets/pack 7 packs/box (case) 1,750 sheets
TX5862	TexWrite® 18 Loose Sheets, BLUE 8½" x 11" (216 mm x 279 mm) 18 lb. blue paper stock, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets
TX5916	TexWrite® 22 3-Hole Punch Sheets, WHITE 8½" x 11" (216 mm x 279 mm) 22 lb. white paper stock, 3-hole punched, unlined	250 sheets/pack 10 packs/box (case) 2,500 sheets

Cleanroom Tapes

Texwipe offers a wide range of Cleanroom Tapes, constructed from the highest quality materials. Available in a variety of sizes, colors and materials, we have a solution to your specific application.

Full line of tape constructions suitable for most applications and environments. We selected specifically engineered tape choices to suit an array of preferences, protocols and needs.

LDPE with Acrylic – strong adhesion, hand-tearable, halogen and leachable construction

LDPE with Synthetic Rubber – hand-tearable, low halogens and leachables

PVC with Synthetic Rubber – extremely conformable tape with aggressive adhesion, with clean peal from most cleanroom surfaces

LDPE with Acrylic Adhesive (TPA Series)

Time-Saving, Floor-Saving

The CleanStep™ Adhesive Mat removes traffic-borne particulates prior to entering the clean work area. It features an antimicrobial additive in an environmentally friendly adhesive.

Whether cleaning protocols require portability or the surface just isn't conducive to adhesives, CleanStep's mix of sizes and colors are sure to fit the bill. Offering 36 mat/frame combinations, the easy selection will improve your environment and save you time.

18 in. x 36 in.

Available in 30 and 60 layer and in Blue, Gray, and White

Product Number	Description	Packaging
AMA183681B	Blue base, clear film / 18" x 36" / 30 layers	8 mats per case
AMA183681G	Gray base, clear film / 18" x 36" / 30 layers	8 mats per case
AMA183681W	White base, clear film / 18 in. x 36" / 30 layers	8 mats per case
AMA183682B	Blue Base, Clear Film / 18" x 36" / 60 layers	4 mats per case
AMA183682G	Gray Base, Clear Film / 18" x 36" / 60 layers	4 mats per case
AMA183682W	White Base, Clear Film / 18" x 36" / 60 layers	4 mats per case

25 in. x 45 in.

Available in 30 and 60 layer and in Blue, Gray, and White.

Product Number	Description	Packaging
AMA254581B	Blue base, clear film / 25" x 45" / 30 layers	8 mats per case
